

# ASTC PENATRON

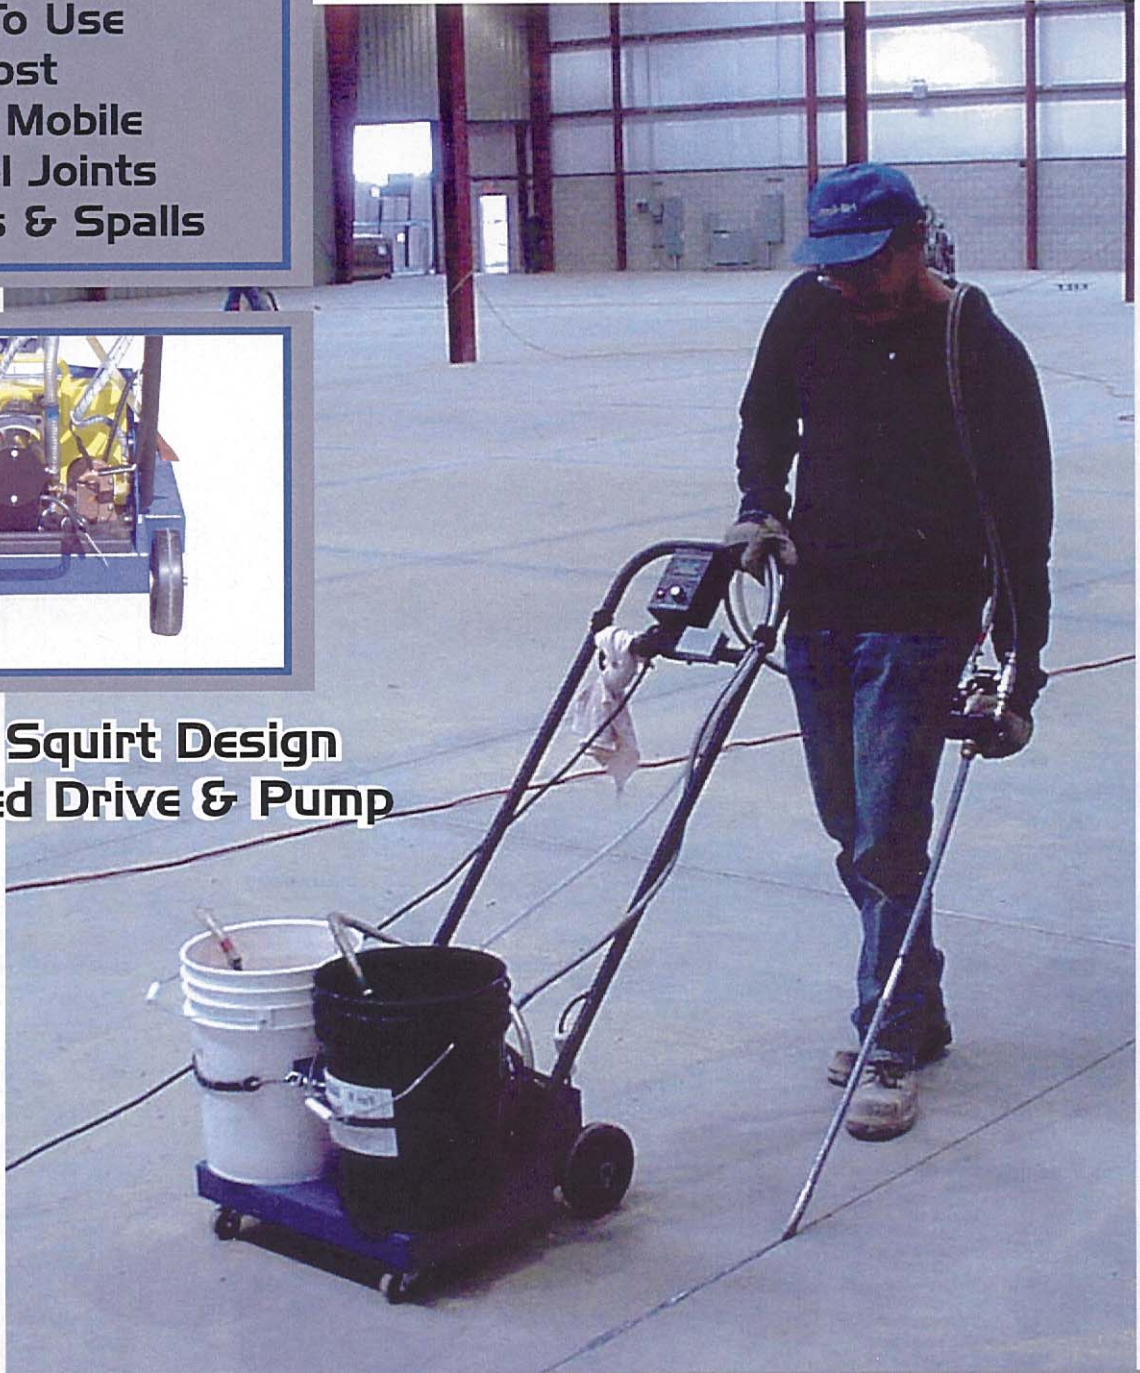

## Little Squirt

Polyurea Control Joint Pump

- Rapid Installation
- Easy To Use
- Low Cost
- Highly Mobile
- Control Joints
- Cracks & Spalls

### New Little Squirt Design Deck Mounted Drive & Pump

The LITTLE SQUIRT machine is a self-contained, 110-240 volt plural component I/I pump. The unit holds one ten gallon kit of Penatron 3003, 3004, or 4034 and has a pump speed control dial to increase/decrease the flow of product. The pump is fast and easy to use, clean up is simple and the compact size makes it easy to move.
